**Sub: Nonpayment of salary for the month of February, 2019 of CTD  
employees - our protest reg.**

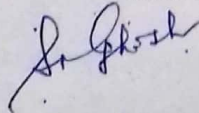

Sir,

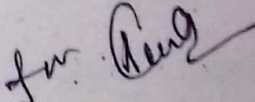

Employees of Calcutta Telephones, one of the two metro circles of BSNL, are yet to receive the salary for the month of February, 2019. The hardworking and dedicated staff and officers of CTD, BSNL are put into undue trouble and the incident of nonpayment of salary, when comes into picture puts an organization in a bad light which in the long run may prove to be detrimental to the image of BSNL. In this fiercely competitive telecom market BSNL is riding on a chariot of good will, due to its image as a Govt. PSU, which is pulled by its hardworking and dedicated workers. Under the current scenario of nonpayment of salary, both the positive senses may evaporate within a brief period. To the public it may prove to be a non-responsible organization which cannot feed its own people who are working for it round the clock. It is also very demoralizing to learn that salary for the month of Feb '19 has been paid to few circles including BSNL Corporate Office causing huge resentment amongst the employees of CTD.

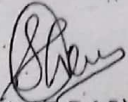

So, by nonpayment of salary Calcutta Telephones as an individual and BSNL as a whole is jeopardizing its own future. AUAB is lodging a stern protest against such a situation created to demoralize the BSNL Calcutta Telephones work force and to show our beloved organization BSNL in a bad shape. AUAB CTD is urging to you for a positive action to clear the dues of the employees for the month of February 2019 immediately and to look into the matter seriously so that in future no such incident of nonpayment of salary occurs at the end of a month.

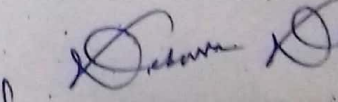

With regards,
